Annual Review: Sumitomo Mitsui Banking Corporation SMBC-JICA Sustainable Finance Framework

Issue Date: 29 December 2023 Published by the Japan Research Institute, Limited

1. Introduction

This document is published by the Japan Research Institute, Limited (hereinafter, JRI), as an annual review of the consistency between the "SMBC-JICA Sustainable Finance Framework" (hereinafter, the Framework) and individual loan projects agreed upon by the Sumitomo Mitsui Banking Corporation (hereinafter, SMBC), its global affiliates, and the Japan International Cooperation Agency (hereinafter, JICA) to implement co-financing projects.

The Framework aims to promote sustainable financing, in which SMBC and JICA integrate sustainable elements such as environmental, social, and governance issues in financing economic activities.

2. Role of review provider and scope of review

The role of the JRI is as an external reviewer that provides the annual review for the Framework. The scope of the review is to confirm whether the Framework is appropriately applied to each loan project that concluded during a given period and whether these projects can promote sustainable finance as intended by the Framework.

3. Results of review

In the review, we find that the Framework was appropriately applied to the loan projects shown in (1). Examining each of the Development Impact Reports (hereinafter, DIR) submitted to SMBC and JICA by the borrowers, we find that the KPIs are appropriately reported, as outlined in the Framework. The loan proceeds are also properly managed. The details are given in (2). Regarding A certain company in ⑤, some of the KPI information was under review and unconfirmed so that SMBC would continue to follow up until the next review.

(1) List of target project

No.	Borrower	Period of loan agreement	Project title
1	Banque Misr SAE	Mar. 2021	Micro, Small and Medium-sized
			Enterprises and Women's Financial
			Inclusion Support Project
